

Building your funding strategy

Stage: Exploratory

Diagnostic

Strategy

Implementation

1 Awareness raising
& Engagement

2 Network
& visibility

3 Capacity-building

4 Strategic monitoring

What are the local barriers?

What are the local enablers?

What are the main partners
in your ecosystem to involve
at that stage?

What are the main
stakeholders to involve at
that stage?

What would be your next
actions / activities?

What element(s) from
Schaerbeek practice would be
particularly of interest to you
